**Dear Members/ Attendees/ Participants,**

As we stand on the precipice of a rapidly evolving world, where advancements in technology and infrastructure propel economies forward and connect us on a global scale, it is imperative that we address a glaring disparity that persists like a shadow from the past: the issue of gender equality at the very Top.

The BAGGGEL Foundation stands at the forefront of this crusade, driven by an urgent mission: to develop women as the future CEOs of a balanced world. Our flagship conference, “**Being CEO Ready**”, serves as the unifying cry to bridge the chasm.

We are engaging all stakeholders, recognizing that each plays a crucial role in solving this puzzle. From women CEOs who have shattered the glass ceiling to CHROs responsible for career progression, Boards of directors tasked with appointing CEOs to Executive Search professionals entrusted with finding top talent, and of course, the women CXOs themselves—the collective force we assemble is formidable, united in our resolve to effect change.

Through “**Being CEO Ready**,” we aim to create an ecosystem conducive to gender balance at the highest echelons of leadership, the CEO Role. Our conference is meant to inspire women to believe in their potential and develop themselves for the CEO role. At its core, **the Flagship conference** is a catalyst for change, propelling us towards a future where gender equality isn’t just an dream but a reality.

As we embark on this journey, let us remember that the power to effect change lies within each of us. Together, let us pave the way for a more inclusive, diverse, and equitable world—a world where every individual, regardless of gender, can thrive and fulfil their true potential.
